10. Responsibilities for the Safety Measures

A. Safety measures in Japan

- (1) The Government of Japan shall give utmost priority to secure the safety of the participating youth during the activities in Japan and onboard the ship. The Government of Japan shall give necessary instruction to the shipping authority to cruise safely.
- (2) The NLs, including Japanese SNL, shall pay particular attention to the safety of the participating youth. The NLs are responsible for instructing their own delegations to be punctual and to observe all other rules on security in order to ensure safety within the program.

B. Safety measures to be taken into consideration at the time of planning the schedule in the countries to be visited

The respective governments and hosting organizations shall give sufficient consideration to the safety of the participating youth at the time of planning the places to visit and schedule of activities in countries to be visited. Thus, the schedule should not be tight.

C. Cooperation to ensure safety during activities in the countries to be visited

The respective governments, hosting organizations and the Government of Japan shall establish close liaison between each other to ensure smooth operation of activities in the countries to be visited and the safety of the participating youth.

D. Safety precautions for the participating youth for the transportation in the countries to be visited

The respective governments, hosting organizations and the Government of Japan shall give sufficient direction to the agencies that provide transportation and shall closely cooperate in taking all necessary measures according to the circumstances of the respective countries' traffic situation.

11. Emergency Procedures

A. Securing liaison system

In case of a serious accident in the countries to be visited (except Onboard Training Session), the respective governments shall promptly contact the Government of Japan and the embassies of participating countries. In other cases, the Government of Japan shall be the focal point for the distribution of information and contact the governments of all the participating countries promptly.

B. Investigation of the cause

In case of a serious accident in the countries to be visited (except Onboard Training Session), the respective governments shall investigate the cause of the accident and compile an accident report promptly. The Government of Japan shall write a report of the accidents that occurred in other situations. The report shall be sent out to the Government of Japan and the respective participating governments.

12. Expenses
